

Biomedical Scientists Unleashed: Shaping Sustainable Healthcare! Rotterdam, 7th November 2024

09:00	Registration
	Session 1: The Role of Biomedical Scientists in Public Health
09:30	Welcome
	Fernando Mendes, President EPBS
	Jennefer van de Luitgaarden, President NVML
09:40	Public Health in the Netherlands and the Rotterdam area
	Yvonne van Duijnhoven, Director of Public Health – The Netherlands
10:15	Laboratory Pandemic Preparedness
	Anu Elovaara, HUS Diagnostiikkakeskus - Finland
10:45	Coffee-break
	Session 2: New frontiers in Biomedical Sciences
11:15	Data analytics for integrated diagnostics: from data to value
	Saskia Haitjema - University Medical Center Utrecht - The Netherlands
11:45	Biomedical Scientist - An Emerging Profile in an AI World ?
	Marco Pereira - Fundação Champalimaud - Portugal
12:15	The paradigm shifts for research ethics review of Biomedical Research assisted with AI Technology
	Banu Buruk - Radboud Universiteit – The Netherlands
12:50	Discussion
13:00	Lunch
15.00	
15.00	Session 3: Go Green - Green Labs are the future
14:00	
	Session 3: Go Green - Green Labs are the future Achieving greener pathology practice Sheri Scott, Nothing Trent University – United Kingdom
	Session 3: Go Green - Green Labs are the future Achieving greener pathology practice Sheri Scott, Nothing Trent University – United Kingdom Green labs - A new direction can foster change
14:00	Session 3: Go Green - Green Labs are the future Achieving greener pathology practice Sheri Scott, Nothing Trent University – United Kingdom Green labs - A new direction can foster change Solveig Mo - Haukeland University Hospital - Norway
14:00	Session 3: Go Green - Green Labs are the futureAchieving greener pathology practiceSheri Scott, Nothing Trent University – United KingdomGreen labs - A new direction can foster changeSolveig Mo - Haukeland University Hospital - NorwayThe relationship between ISO15189, 14001 and the Green Deal
14:00 14:30 15:00	Session 3: Go Green - Green Labs are the futureAchieving greener pathology practiceSheri Scott, Nothing Trent University - United KingdomGreen labs - A new direction can foster changeSolveig Mo - Haukeland University Hospital - NorwayThe relationship between ISO15189, 14001 and the Green DealKelly Nijhof, Sustainability Coordinator for Medical Laboratories (UMC Utrecht) - The Netherlands
14:00 14:30 15:00 15:30	Session 3: Go Green - Green Labs are the futureAchieving greener pathology practiceSheri Scott, Nothing Trent University – United KingdomGreen labs - A new direction can foster changeSolveig Mo - Haukeland University Hospital - NorwayThe relationship between ISO15189, 14001 and the Green DealKelly Nijhof, Sustainability Coordinator for Medical Laboratories (UMC Utrecht) - The NetherlandsDiscussion
14:00 14:30 15:00	Session 3: Go Green - Green Labs are the future Achieving greener pathology practice Sheri Scott, Nothing Trent University – United Kingdom Green labs - A new direction can foster change Solveig Mo - Haukeland University Hospital - Norway The relationship between ISO15189, 14001 and the Green Deal Kelly Nijhof, Sustainability Coordinator for Medical Laboratories (UMC Utrecht) - The Netherlands Discussion Coffee-break
14:00 14:30 15:00 15:30 15:45	Session 3: Go Green - Green Labs are the future Achieving greener pathology practice Sheri Scott, Nothing Trent University – United Kingdom Green labs - A new direction can foster change Solveig Mo - Haukeland University Hospital - Norway The relationship between ISO15189, 14001 and the Green Deal Kelly Nijhof, Sustainability Coordinator for Medical Laboratories (UMC Utrecht) - The Netherlands Discussion Coffee-break Session 4: Next Generation of Biomedical Scientists
14:00 14:30 15:00 15:30	Session 3: Go Green - Green Labs are the future Achieving greener pathology practice Sheri Scott, Nothing Trent University – United Kingdom Green labs - A new direction can foster change Solveig Mo - Haukeland University Hospital - Norway The relationship between ISO15189, 14001 and the Green Deal Kelly Nijhof, Sustainability Coordinator for Medical Laboratories (UMC Utrecht) - The Netherlands Discussion Coffee-break Session 4: Next Generation of Biomedical Scientists Biomedical Scientists: Practice Without Borders
14:00 14:30 15:00 15:30 15:45 16:15	Session 3: Go Green - Green Labs are the future Achieving greener pathology practice Sheri Scott, Nothing Trent University – United Kingdom Green labs - A new direction can foster change Solveig Mo - Haukeland University Hospital - Norway The relationship between ISO15189, 14001 and the Green Deal Kelly Nijhof, Sustainability Coordinator for Medical Laboratories (UMC Utrecht) - The Netherlands Discussion Coffee-break Session 4: Next Generation of Biomedical Scientists Biomedical Scientists: Practice Without Borders Marie Culliton – IFBLS
14:00 14:30 15:00 15:30 15:45	Session 3: Go Green - Green Labs are the future Achieving greener pathology practice Sheri Scott, Nothing Trent University – United Kingdom Green labs - A new direction can foster change Solveig Mo - Haukeland University Hospital - Norway The relationship between ISO15189, 14001 and the Green Deal Kelly Nijhof, Sustainability Coordinator for Medical Laboratories (UMC Utrecht) - The Netherlands Discussion Coffee-break Session 4: Next Generation of Biomedical Scientists Biomedical Scientists: Practice Without Borders Marie Culliton – IFBLS Specialize or not to Specialize, that is the question
14:00 14:30 15:00 15:30 15:45 16:15 16:30	Session 3: Go Green - Green Labs are the future Achieving greener pathology practice Sheri Scott, Nothing Trent University – United Kingdom Green labs - A new direction can foster change Solveig Mo - Haukeland University Hospital - Norway The relationship between ISO15189, 14001 and the Green Deal Kelly Nijhof, Sustainability Coordinator for Medical Laboratories (UMC Utrecht) - The Netherlands Discussion Coffee-break Session 4: Next Generation of Biomedical Scientists Biomedical Scientists: Practice Without Borders Marie Culliton – IFBLS Specialize or not to Specialize, that is the question Fernando Mendes – EPBS
14:00 14:30 15:00 15:30 15:45 16:15 16:30 16:50	Session 3: Go Green - Green Labs are the future Achieving greener pathology practice Sheri Scott, Nothing Trent University – United Kingdom Green labs - A new direction can foster change Solveig Mo - Haukeland University Hospital - Norway The relationship between ISO15189, 14001 and the Green Deal Kelly Nijhof, Sustainability Coordinator for Medical Laboratories (UMC Utrecht) - The Netherlands Discussion Coffee-break Session 4: Next Generation of Biomedical Scientists Biomedical Scientists: Practice Without Borders Marie Culliton – IFBLS Specialize or not to Specialize, that is the question Fernando Mendes – EPBS Discussion
14:00 14:30 15:00 15:30 15:45 16:15 16:30	Session 3: Go Green - Green Labs are the future Achieving greener pathology practice Sheri Scott, Nothing Trent University – United Kingdom Green labs - A new direction can foster change Solveig Mo - Haukeland University Hospital - Norway The relationship between ISO15189, 14001 and the Green Deal Kelly Nijhof, Sustainability Coordinator for Medical Laboratories (UMC Utrecht) - The Netherlands Discussion Coffee-break Session 4: Next Generation of Biomedical Scientists Biomedical Scientists: Practice Without Borders Marie Culliton – IFBLS Specialize or not to Specialize, that is the question Fernando Mendes – EPBS
